Message. of

His Excellency Governor Dodge

Delivered to the two Houses of the Legislative Assembly of Wisconsin Territory January 6th 1846

Fellow Citizens of the Council and House of Representatives

Ayour are assembled in conformity to a law of this Territory to perform the responsible duties that devolve on ayou as the Representatives of the people.

We have abundant cause to be thankful to the Almighty Disposer of all good; for the very abundant Harvests with which we have been blessed to reward the husbandman during the last season. Our citizens who cultivate the soil are rapidly developeing the agricultural resources of the Territory. Our Prairies are being converted into cultivated fields. We have increased the stores of mineral wealth.

Our climate is of the most salubrious character and our soil suited to the production of every thing necessary for the comfort & convenience of man. Situated in the temperate region, and Dupersia (our inland seas) on the East and north, and the Father of Waters on the west with navigable large rivers flowing from opposite directions.

With a population in the most industrious and enterprising, the growth and prosperity of this country must be unparalled; and the time is not far distant when she will become one of the most powerfull States of the Union.

I respectfully recommend the passage of a law, submitting to the people of the Territory the expediency of determining by a majority of their votes, whether they are for or against a State Government.

It they are in favor of that measure the preparatory steps to carry in to effect their wishes on that subject should be taken without loss of time.

If they determine by their votes against that measure there will will be ascertained and the public mind put to rest on that important subject.

The people are the source of all power, under our republican form of Government, and are competent at all times to determine for themselves what will best promote their political interests. Their will when known and expressed should always be obeyed.

I respectfully invite your attention to the existing laws of the Territory regulating common schools. It is believed that a revision of them would have a salutary effect. The present has been denominated an age of improvement. The human mind is seizing and carrying out to practical result the momentous truths which respect the relations of men to each other and the appropriate means of accomplishing the purposes of human society and government. At the foundation of this last movement lies the work of educating the great mass of the people. The elective franchise is the foundation of our liberties; and the permanency and perpetuity of our republican institutions must depend on the intelligence of the people who know their rights will maintain them.

The Territorial Debt is a subject of great interest to the people I have not had the means of ascertaining the precise amount of the indebtedness of the Territory nor the amount of the tax created by the Legislature for its payment It is not certainly a large debt.

As an act of justice to the creditors of the Territory this demand should be paid as early as practicable, as well as to sustain the standing of the Territory abroad, in meeting properly the public engagements.

The situation of the Territory for want of a penitentiary is a subject worthy of the consideration of the Legislative Assembly. By the laws of the Territory, criminals convicted of crimes of a high grade, are sentenced to confinement in the states prison for a term of years, and are committed to the county jails for safe keeping, for want of a Penitentiary where they are confined at the expence of the Territory. I have no means by which to make an estimate of the amount paid by the people of the Territory for the maintainance and safe keeping of convicts in jails, since the organization of the Territorial Government, I have no doubt however that the amount paid would have been sufficient to have erected a suitable penitentiary for their safe keeping, and giving profitable employment to them.

With our increased population, it would seem to require that some steps should be taken to this purpose for the erection of a Penitentiary. It would be proper to memorialize Congress asking for an appropriation for that object. That body appears disposed, however to make our Territorial appropriations as small as possible.

The representatives of the people coming immediately from their constituents, know their wants and wishes upon all subjects of legislation; they know they know the state of the Territorial debt and the means of discharging it, and the resources of those whose interests they represent.

The spirit of the age we live in, as well as the humanity of our laws are opposed to capital punishment except for the highest grade of crime. The great purpose of criminal law is reformation. This purpose is the foundation of the Penitentiary system which combines with imprisonment hard labor and and a course of moral discipline created to reclaim offenders to the paths of rectitude and virtue.

his effect cannot be produced in county jail where the convict has on employment,
But the continuance of his confinement is calculated to prepare his mind for the commission of higher offences
I recommend the memorializing of Congress on the subject of the sale of the United States lead mines and reserved mineral lands. The occupation of the U.S. lead mines under the present leasing system has heretofore been and continues to be a source of much litigation in the courts of justice unprofitable to the government, and expensive and harassing to the citizens of the territory. From a statement made by the Register of the Land Office for the Wisconsin land district. there appears to be reserved from sale, as lead mines, or timbered lands for smelting purposes, in that land district, one hundred and one thousand acres.
This reservation was made by the Superintendent of the lead mines more than ten years since and embraces a desirable portion of the mineral region of country.
The large proportion of the reserve is land only adapted to agricultural purposes. These lands have been entirely unproductive to the government and are lessened in value from the fact that much valuable timber has been taken from them
The relation of landlord and tenant should not exist in this government as between the government and its citizens! It is certainly contrary to the spirit of our free institutions. The present leasing system of the United States lead mines. Makes the lessee a tenant at will of the agents of the government, unless he pays the stipulated rent agreeable to the conditions of the lease
The rent is a direct tax or tribute paid the government on the labor of the miner which has proved unproductive to the government and unjust in its effects on the mining interests
There can be no doubt but that the true policy of the government is to sell the lead mines reserving the right of pre-emption to resident miners and citizens; they will then be opened to individual enterprise. there would be an increased quantity of lead manufactured - affording the people

to the United States a cheap and abundant supply of the article and a reciprocal for exportation

The commerce of Lake Michigan has increased within a few years in a ratio far exceeding any other inland waters in the United States

Congress has made appropriations for the construction of harbors at the towns of Milwaukee Racine and Southport, on the western shore of the lake, which which have been expended under the direction of the War Department in the prosecution of these works. According to the established usage of the government additional appropriations may be expended until their completion Estimates have been made, under the direction of the War Department for harbors at the mouth of the Sheboygan and Manitowoc rivers where works have been commenced and are increasing in commercial importance and the country settling rapidly in the interior with the enterprising inhabitance, who must all the aid which can be given from the most recent navigation of the lake From the extent of the lake coast between Milwaukee and Green Bay and the great advantage to be derived from the construction of harbours at the mouths of the rivers referred to, in a commercial point of view, I recommend to the Legislative Assembly the propriety of memorializing Congress, asking for appropriations sufficient for the commencement of harbors at the points designated,

Wisconsin has a coast on the western shores of Lake Michigan of four hundred miles in extent in that distance there are but few rivers that discharge themselves into the lake, which afford suitable situations for harbors The construction of harbors on this extensive coast, I consider are works of a national character, in which the United States are directly interested in a military point of view In the event of a war, the government is bound to afford protection to its citizens; and to afford that protection, it is necessary there should be safe harbors constructed, where troops and the necessary munitions of war could be safely landed, for the security and safety of the lake towns, as well as the lake border settlements, as the whole extent of the northern frontier of Wisconsin. The United States are now in a state of peace with England: should they however change their present peaceful relations with that

power it would seem that the necessary provisions should be made at an early period, to guard against a state of things that must take place, sooner or later. I recommend the memorializing of Congress, on the subject of the removal of the obstructions in the navigation of the Mississippi at the upper and Lower Rapids. It is a subject of vital interest to the people residing in the Western counties of this Territory. The commerce of the Upper Mississippi has increased and is increasing in importance within the last few years. The delay of lightning steamboats, to enable them to cross the rapids at a low stage of the river is calculated to produce much inconvenience and additional expence in the price of freight, and transportation, as well as the risk of the lives of those employed in this perilous navigation. The people of the State of Illinois and the Territory of Iowa and the proprietors of the country embracing the rapids, on both sides of the Mississippi, and no doubt they feel a deep interest in the improvement of their navigation. The citizens of Wisconsin feel a common interest in this improvement. This interest pervades the whole country on the Mississippi from St Peters to the Gulf of Mexico.

This Territory is advantageously situated for an extensive system of internal improvement. The General Government has however, heretofore limited its appropriations for that important object, the improvement of the navigation of the Wisconsin and Fox rivers, and making them by a canal at the portage would be the means of opening a direct communication between Lake Michigan and the Mississippi. This improvement is of national importance, by affording the United States great facilities for the transportation of troops supplies and munitions of war from the Lakes to the Mississippi for the protection of our northern frontier. The country bordering on the Wisconsin and Fox rivers is settling rapidly with an industrious, enterprising population. The current of emmigration is taking that direction which greatly enhances the importance of this improvement in an agricultural and commercial point of view. Memorials have been forwarded to Congress annually, for

the Legislative Assembly. since the organization of the Territorial Government. asking appropriations for this object. This subject has been before both houses of Congress. A bill passed the Senate giving a grant of Land for this improvement. The final action of the House of Representatives was not had on the bill pending before that body on the same subject Respectfully recommended that a memorial be forwarded to Congress asking for a suitable appropriation for this improvement

The construction of a Rail or McAdamize road from Lake Michigan to the Mississippi on the most practible route from and to those points which will afford the greatest facilities to our trade and commerce is a subject of vital importance to the future growth and prosperity of Wisconsin.

Without the aid of the General Government this work could not be commenced at this time. It appears to be the settled policy of the government to reduce the appropriations as low as possible of the territorial government; believing as it would seem they do, that the time has arrived when Wisconsin should take the proper steps for the formation of a State government. Should the Representatives of the people, however, deem it proper to take any steps on this important subject, compatible with the public interests, they will have my co-operation.

The improvements of the navigation of the Rock River above the line of the State of Illinois, to the town of Jefferson, is a subject of much interest to that desirable section of Country. The Rock river waters a large extent of fertile country, running nearer the centre of the settled part of the Territory. On the borders of this river, there has sprung up, within the last few years, several important commercial towns and villages. This important improvement, would have a tendency to promote the agricultural and commercial interests of the people in that part of the Territory, and would be preparitory to the improvement of the River of the Four Lakes. Since organization of the Territorial Government no appropriations have been made by Congress for the improvement of our rivers, although memorials have been annually forwarded by the Legislative Assembly for that object. One cause of the failure no doubt, in obtaining appropriations, has been, that we have asked for the improvement of too many small rivers. I think the best way to obtain the favourable action of Congress on our memorials, will be to ask appropriations for the improvement of our principal rivers in the first instance. I recommend the memorializing of Congress, asking a suitable appropriation for the improvement of the Rock River above the line of the State of Illinois, to the point on that River designated.

At the last session of the Legislative Assembly, an act passed as a measure of relief to the settlers on the Canal Lands granted to the Territory

(odd Section) It appears by the provisions of the act refered to, that all the sold portions of the Canal grant are to be sold on the Second Monday of April next.

I would respectfully submit to the Legislature Assembly the propriety of extending the time for the sale of the Canal lands to give time for the action of Congress on this subject. It is a fact well known that Congress has never acted upon the laws of this Territory except in a few cases of Bank charters. —— No injury can result either to the Territory or the Government by a delay of the sale of the lands in question. I have no hesitation in expressing it as my opinion that Congress will extend to the settlers on the Canal Lands, the right of pre emption, and to purchase their homes at the minimum price of the government. They are entitled upon the principles of justice, as well as the usage of the government, to the favourable action of Congress by placing them on an equal footing with other settlers on the public lands.

I respectfully invite your attention to the present state of the Militia of the Territory. On the 30 of November 1840 the returns of the Militia were made by the Adjutant General of the Territory to the Adjutant General of the United States army. The aggregate number was 5,223, at that period, Under the act of Congress of 1808, regulating the quota of arms to be furnished to the several States and Territories according to the returns of their Militia the quota for Wiskonsin was forty nine Muskets. No returns of the Militia have been made to the Adjutant General of the Army since the date refered to. The number of Muskets to which the Territory was entitled to the 30th of November 1845, would be 249. On my requisition sixty stand of Muskets and equipments were received from the commanding Officer at Fort Winnebago, and delivered to the Officers commanding a volunteer company of Light infantry, taking from the Officers a bond, approved by the Attorney General of the Territory, for the safe keeping and return of the Muskets and equipments when required by the executive of the Territory. The Captain commanding the Iowa County Dragoons in 1843 received on the requisition of the then Executive, fifty pairs of pistols and fifty swords, with suitable cavalry equipments, which are now in the possession of that Officer. Fifty pairs of pistols and fifty Swords with suitable cavalry equipments, were ordered to Green Bay by my immediate Successor in Office. These cavalry arms and equipments are in the possession of a citizen of that place, subject to the order of the Executive.

I recommend the passage of a resolution of the Legislative Assembly, authorising the Superintendent of the public buildings, to procure a suitable room at the expense of the Territory for the safe keeping of the public arms and equipments. As soon as I am advised that that arrangement has been made I will address the War Department on the subject of the remaining arms and equipments for the Territory. From the greatly increased immigration to the Territory, had the returns of the Militia been made annually since the 30th of November 1840 the Territory would now be in the receipt of at least 600 stand of muskets and equipments. The law of the 12th of April 1843, repealing the law for mustering the Militia, I recommend may be repealed. I am not disposed to recommend a measure that would put those who might be liable to perform militia duty to any serious inconvenience or loss of time. I deem it however

however, indispensible to the efficiency of the Militia, that there should be a reorganization of the System, from the great accession to the population of the Territory: and that the Militia should be properly organized, officered mustered and and annual inspection of their arms.

We have to depend upon the Militia for the defence of our extended frontier. Should they be called to perform the active duties of the field, they should be well armed and equiped, and properly disciplined and made acquainted with the nature of the service required of them Volunteer companies taken from the Militia have always been distinguished for their gallantry and efficiency, in all our Indian wars since the Revolution — The cause of their efficiency is apparent. They have the selection of their own Officers to command them; - they are well armed and equiped, & properly disciplined which always gives them confidence in the face of an enemy, and withal they possess in a high degree that patriotism and love of country common to those who are defending their homes and firesides, against the attack of a common enemy. To shew the spirit and promptness of volunteer corps, I deem this an appropriate occasion to state that a volunteer company of light infantry (Styled the Washington Guards) were recently organised in the town of Milwaukie. — Immediately after the receipt of their arms and equipments, they tendered their services to the Executive of the Territory, stating that they were ready to take the field, should their services be required. They, on that occasion evinced a spirit of patriotism highly creditable to them, and worthy of imitation

The Indians on our frontier appear peaceably disposed, with the exception of the Winnebagoes. Frequent complaints were made during the last year of their committing depredations on the property of the inhabitants of the frontier settlements. The complaints of the citizens of the Territory were forwarded to the Commissioner of Indians Affairs. I urged upon that Department the necessity of a mounted force to remove the Winnebagoes to the neutral country I received a letter from the Commissioner in September last stating that the Sub Indian agent of the Winnebagoes had been instructed by his department to have the intruding Winnebagoes removed from Wisconsin. Since then I have not been advised that any steps have been taken by the Sub agent for their removal. I receive a letter from General Brooke, of the United States Army, commanding the 3rd Military Department, dated on the 19th of October stating that a company of United States Dragoons would occupy Fort Crawford early in November last. That movement has failed. A memorial from the citizens of Crawford county, addressed to the President of the United States, has been forwarded to him, complaining of the continued depredations of the Winnebagoes on the property of the citizens of that county, and of their having killed a peaceable citizen in a neighbouring county, and requesting that United States troops might again occupy fort Crawford. I have addressed the President a letter on the subject of the memorial refered to, I have sustained the views of the Memorialists: and expressed my views to him as to the proper course, in my opinion, to be taken in relation to the removal of the Winnebagoes Indians from the Neutral country they now occupy

One company of United States Dragoons stationed either at Fort Crawford or Fort Winnebago, would be sufficient to remove all Indian intruders from Wisconsin. The Winnebago Indians pay no regard to their treaty stipulations with the government: They appear reckless and unprincipled, and unless the proper steps are taken to remove them from where they are now to a place where they are now located, or restrain them within the limits of their own country, there is danger to be apprehended that they will be brought into collision with the frontier inhabitants of the Territory. A memorial from the Legislative Assembly addressed to the Secretary of War, expressing the wishes of the people of the Territory, on the subject of our Indian Relations, would no doubt have a good effect

I submit for your information, the report of the Adjutant General of the Militia. His report commences with the first organization of the Militia under the Territorial Government. The suggestions of the Adjutant General as the changes in the present laws for the government of the Militia, I recommend to your favourable consideration.

In conclusion, it remains for me to tender to the Legislative Assembly my hearty co-operation in every well directed effort to promote the public good; trusting that we shall all feel how much we need the wisdom that come from above, to enable us so to direct our deliberations as to best promote the happiness and prosperity of the people of Wisconsin

January 1st A.D. 1847

At this term of said Court came on to be heard the petition and further supplement of the prosecution of said David Bonham praying for the issuing of the warrant of the Governor of this State for the execution of the sentence of death heretofore pronounced against him by this Court at the March term thereof A.D. 1846 and it appearing to the Court that the said David Bonham was duly convicted at the March term A.D. 1846 of the crime of murder and that he was sentenced to be executed on the 11th day of December A.D. 1846 and that he was respited by the Governor of this State until the 29th day of January A.D. 1847 and it further appearing to the Court that the said David Bonham is now confined in the jail of Racine County and that the Governor of this State has not issued his warrant for the execution of the said David Bonham and it further appearing to the Court that the said David Bonham is a proper person to be executed at this time and that the ends of justice require that he should be executed at this time

It is therefore ordered by the Court that a warrant issue from this Court directed to the Sheriff of Racine County commanding him to execute the said David Bonham on Friday the 26th day of February A.D. 1847 between the hours of ten o'clock in the forenoon and two o'clock in the afternoon of said day and that he be hanged by the neck until he be dead

And it is further ordered that the Clerk of this Court issue a warrant accordingly

By the Court

Attest

Wm. H. Tweedy Clerk

To the Sheriff of the County of Racine in the Territory of Wisconsin Greeting

Whereas at the term of the District Court of the third Judicial District of the Territory of Wisconsin begun and holden at the Court House in the Town and County of Racine on the third Monday of October last before the Honorable Andrew Goodrich Judge of said Court, David Bonham was convicted of the crime of murder and was thereupon sentenced to be taken from said Court to the jail of said County, and from thence to the place of execution on Friday the eleventh day of December then next, between the hours of ten o'clock in the forenoon and two o'clock in the afternoon of said day, and there to be hanged by the neck until he be dead

And whereas a pardon commutation or respite was solicited in behalf of the said David Bonham

And whereas sufficient reasons appeared why the execution of the said David Bonham should be suspended

And whereas in consideration thereof I did issue my warrant dated the 30th day of November 1846 respiting the said David Bonham until Wednesday the third day of February instant

And on the twenty third day of January last I did issue a further warrant directing the Sheriff of said County of Racine to cause execution to be done on the body of the said David Bonham on the said third day of February the present month

And sufficient causes being now shown why the execution of the said David Bonham should be further suspended

Now therefore know ye that in consideration of the premises aforesaid the said David Bonham until the third day of March next.

And you are hereby commanded to cause execution to be done on the body of the said David Bonham now in your custody under sentence of death according to the judgment rendered against him for the murder

of Henry Stone, at the term of the District Court of the third Judicial District of the Territory of Wisconsin, begun and held at the Court House in the Town of Blaine in the County of Racine on the last Monday in the month of October last past by the said Court a copy of the record whereof I hereunto annex upon Wednesday the third day of March one thousand eight hundred and forty seven between the hours of ten O'clock in the forenoon and three O'clock in the afternoon of said day as you are required by law

And you are hereby further commanded in your custody to keep the said David Bonham until execution shall have been done as aforesaid and for so doing this shall be your sufficient warrant

In witness whereof I have hereunto set my hand and caused the great seal of the Territory to be hereunto affixed.

Done at Madison this first day of February in the year of our Lord one thousand eight hundred and forty seven

Henry Dodge

(Seal)

By the Governor

Alex Mitchell

Secretary of the Territory of Wisconsin

February 27th 1847

✓ On this day his Excellency Gov Dodge issued the following commutations & Reprieves to wit

In the Name of the United States of America

To the Sheriff of the County of Racine in the Territory of Wisconsin and to his Successors in Office Greeting

Whereas at a term of the District Court of the United States for the Judicial District of the Territory of Wisconsin begun and held

at the Court House in said County of Racine on the last Thursday of October last past, the Honorable Andrew G Miller Judge of said Court, the said David Bonham was convicted of the crime of Murder and sentence was duly passed upon him by the said Court to be taken from said Court to the Jail of said County, and from thence to the place of execution on Friday the thirtieth day of December then next between the hours of ten oclock in the forenoon and two oclock in the afternoon of said day, and then and there to be hanged by the neck until he be dead

And whereas a petition was presented to me praying a commutation of sentence in favor of the said David Bonham

And whereas sufficient reasons appear why the execution of the said David Bonham should be suspended

And whereas in consideration thereof I did issue my warrant dated the 30th day of November 1846 respiting the said David Bonham until Wednesday the third day of February instant

And on the twenty third day of January last past, did issue a further Warrant directing the Sheriff of said County of Racine to cause execution to be done on the body of the said David Bonham on the said third day of February the present month. And on the first day of February A.D. 1847. did issue a further Warrant directing the Sheriff of said County of Racine to suspend the execution of the said sentence until the third day of March 1847 And to cause execution to be done on the body of the said David Bonham on the said third day of March 1847

And whereas sufficient reasons now appear why the sentence of the said David Bonham should be commuted

Now therefore know ye that in consideration of the premises I have commuted. And I do hereby commute the sentence of the said David Bonham to imprisonment for life in the State Prison And until a suitable State Prison shall be provided, in the Jail of Racine County in said Territory

And I do hereby command that the said David Bonham, convicted of the crime of Murder as above recited, as appears by the records of the District Court for Racine County in the Territory aforesaid. A copy whereof is hereunto annexed, be confined and kept securely within the jail of the said county of Racine until a suitable Prison for the confinement of convicts shall be provided by the Territory or State of Wisconsin And when such Prison shall be provided as aforesaid to be then removed And securely kept in confinement therein during the natural life of the said David Bonham

And I do further command all Officers who may by law have the custody of the Jail of the said County of Racine or of such Prison as may hereafter be provided as aforesaid to receive, keep and confine securely therein the said David Bonham

for and during the term of his natural life or until by law
shall otherwise be directed, for which this shall be your sufficient Warrant

In Witness whereof I have hereunto
set my hand and caused the Great Seal
of the Territory to be hereunto Affixed

Proclamation

By Henry Dodge

Governor of the Territory of Wisconsin

To All Whom these presents shall come

Whereas the people of the Territory of Wisconsin, did on the 16th day of December 1846 by a Convention of their Delegates assembled at Madison the Seat of Government, form a Constitution for a State Government, which whole by the 9th Section of the 1st Article of said Constitution was submitted to the qualified electors of said Territory, for their Acceptance or rejection

And whereas, the said electors, did meet at their respective county seats and Election Precincts on the 6th day of April last and did then cast their votes, for or against the adoption of said Constitution

And Whereas by a Resolution passed by said Convention, the question of "Colored Suffrage" was at the same time submitted for the Votes of said electors

Now therefore be it known, that from the Official returns of said Election as made to the Executive Department it appears, that the Whole number of votes cast on the question of the constitution, was thirty four thousand three hundred and fifty two - And that the Majority was six thousand one hundred and fourteen votes Against the Adoption of said Constitution; the Whole number of votes cast on the question of "Colored Suffrage" was twenty two thousand two hundred and seventy three, And the Majority was six thousand nine hundred and fifty one votes against "Equal Suffrage to Colored persons"

In testimony whereof I have hereunto set my hand and caused the Great Seal of the Territory to be affixed

Also on this 1st day of August aforesaid His Excellency Gov Dodge issued Patents for the following lands upon Section No 34. & Township No 3 North & Range Number 3 West in the County & Grant and Territory of Wisconsin, Constituting a part of the Town of Potosi in said County. As the same were surveyed and platted under the provisions of an Act of the Legislative Assembly of the said Territory Approved February 18th 1845 Entitled "An Act to provide for carrying into effect an Act of Congress entitled "An Act granting a Section of Land for the improvement of Grant River at the Town of Potosi in Wisconsin Territory." Approved June 15th 1844.

Copy of Patent

The Territory of Wisconsin

To All Whom these Presents Shall come GREETING

Whereas ____ of Grant County Wisconsin Wisconsin Territory, has presented to the Governor of said Territory the duplicate receipt of the Receiver of the funds arising from the Sales of Lots upon Section No thirty four in Township No Three North, of Range No three West of the fourth Principal Meridian in the Territory of Wisconsin, corresponding with the receipt on file in the Executive Office, and the returns of the Commissioners for him on behalf of the Territory to carry into effect an Act of the Congress of the United States entitled "An Act granting a Section of Land for the improvement of Grant River at the Town of Potosi in Wisconsin Territory" whereby it appears that full payment has been made by the said ____ according to the provisions of the Act of the Legislative Assembly, Approved February 18th 1845 entitled "An Act to provide for carrying into effect an Act of Congress entitled "An Act granting a Section of Land for the improvement of Grant River at the Town of Potosi, in Wisconsin Territory, for ____ according to the Official plats of the Survey of said Section of Land, now of record in the Executive Office of said Territory, and known as the "Map of the Survey of Section

twenty four in Township number three north, and Range number three East of the fourth Principal meridian in Grant County Wisconsin and being laid out, surveyed, and platted as a part of, and adjoining to the said Town of Potosi, in the county of Grant aforesaid, which said lot has been purchased by the said

Now Know Ye. That the Territory of Wisconsin, in consideration of the premises, and in conformity with the aforesaid Act of the Legislature of the Territory of Wisconsin Have Given and Granted, and by these presents do Give and Grant unto the said

and to ——heirs the said lot above described To Have and to hold the Same, together with all the rights, privileges, immunities, and appurtenances, of what so ever nature thereunto belonging unto the said

and to ——heirs and assigns forever

In Testimony Whereof, I Henry Dodge Governor of the Territory of Wisconsin, have caused these Letters to be made Patent, and the Seal of the said Territory to be thereunto affixed.

Given under my hand at Madison the ——day of——in the year of our Lord one thousand eight hundred and forty seven

October 26th 1847

On this day his Excellency Governor Dodge, by and with the advice and consent of the Council, commissioned S. P. McKinney as Notary Public for Iowa County, who hold the said office for the term prescribed by Law.

October 27th 1847

On this day his Excellency Governor Dodge, issued the following

Proclamation

By

Henry Dodge

Governor of the Territory of Wisconsin

In a community of Christian people it appears proper that a day of Thanksgiving should be set apart to acknowledge our many and great obligations to Almighty God and to implore the continued blessings of his protection

I therefore recommend to the people of the Territory Thursday the 25th day of November next as a day of Thanksgiving and prayer; to meet on that day at their usual places of worship to supplicate the blessings of our Heavenly Father, and the continuance of our civil and religious privileges, devoutly thanking him for the fruits of the earth the past season and fervently beseeching the kind author of these blessings to imprint on our hearts a deep and solemn sense of our duty to him, and above all for the redemption of the world by our Lord and Savior Jesus Christ, for the means of grace and the hope of a glorious immortality through his atonement for our sins.

Seal.

In testimony whereof I have hereunto set my hand and caused the Great Seal of the Territory to be affixed. Done at Madison this 27th day of October, A. D. 1847

Henry Dodge

A Proclamation

By Henry Dodge;

Governa of the Territory of Wisconsin.

Whereas it appears that an indictment has been found at the October term A.D. 1847 of the United States District Court for the County of Iowa, Wisconsin Territory against John Caulk, Alexander Barnow and John Wilkinson, for the crime of Murder committed upon the body of John Owens on the 20th day of October last, at Minersville in said County; and information having been given that the said named criminals have fled from the justice of this Territory. Now therefore by virtue of the authority in me vested by law I do hereby offer a reward of two hundred dollars for the apprehension of each of said criminals and their delivery to the Sheriff or Jailor of Iowa County in Wisconsin Territory

In testimony whereof I have hereunto set my hand and caused the seal of the Territory to be affixed at Madison this 18th day of November A.D. 1847

Seal.

Henry Dodge.

Henry Dodge Governor of the Territory of Wisconsin

To the Marshal or to any Sheriff or Constable of the Territory of Wisconsin Greeting:

Whereas it appears by a requisition made in pursuance of the constitution and the laws of the United States by John Young Governor of the State of New York that one William Johnson alias William Jones alias William Conant has been charged by an indictment found at a Court of Oyer & Terminer holden in the town of Warsaw Wyoming county State of New York on the 28th day of September A.D. 1846 duly authenticated with the crime of Grand Larceny;

And whereas it appears that said William Johnson alias William Jones alias William Conant has fled from the justice of the aforesaid State and good reasons exist to believe that he has fled to this Territory aforesaid

And whereas it further appears that the Governor of said State has constituted and appointed one Marquis F Catlin to demand the said William Johnson alias William Jones alias William Conant of the Executive authority of this Territory aforesaid and to receive and convey him to the State of New York there to be dealt with according to law.

These are therefore to command you in the name of the United States, to take the body of the said William Johnson alias William Jones alias William Conant if to be found by you in the Territory aforesaid and the same deliver into the custody and keeping of the said Marquis F Catlin to be by him conveyed to the State aforesaid

In Testimony whereof I have hereunto set my hand and caused the great Seal of the Territory to be affixed at Madison this twentieth day of April in the year of our Lord one thousand eight hundred forty eight

Henry Dodge

By the Governor
Chas Cattin
Secretary of the Territory of Wisconsin,
